- Felt gliders.
- Seat in paper cord.
The weaving is a traditional Danish triangle shape used for generations. Since cords need to overlap it is not possible to make four triangles that meet exactly in the middle - they will always overlap. Also, the four lines going from the edge of the seat to the center will never be 100 pct. straight. This is a handmade product and part of the character of the chair.

General information

Employees

We employ a variety of people with different backgrounds, education, ethnicity, age and gender.

Education

We employ a large number of trainees and apprentices to support the industry's future.

Union

We follow the collective agreement for the largest trade union in Denmark (3F) to secure workers' rights in the production team.

Safety

Our health and safety regulation are audited on a regular basis by the Danish Working Authority.

Insurance

We offer extra health insurance for our employees and their families.

Wood

We only use certified wood - FSC © or PEFC ©.

Wind Power

Our factory buys electricity from suppliers, where the greatest possible electricity comes from Danish wind farms. This means that we only buy certified Co2 neutral electricity.

Heating

We use waste wood to generate heat – minimizing our carbon footprint.

Local

We prioritize local suppliers to minimize transport emissions.

Packaging

We only use recyclable cardboard and plastic in packaging.

Wood

Wood & Treatments

We use only certified wood from high quality suppliers. Our craftsmen choose carefully the wood for each piece of furniture. Selected wood sorts for each piece of furniture can be seen under product pages. Please note that all the models are not available in all species.

Natural Oak

North European Oak is mostly straight grained with a medium to coarse texture. It is widely used in Scandinavian furniture because of its strength.

Black Painted Oak

Paint with a semi matt finish. The grains of the oak is still visible. The top coat gives a hard protection and seals the wood.

Fumed Oak

We “home fume” every piece of furniture in our work shop. Every log has different reaction to the fuming so the color varies across each furniture.

Natural Beech

The grain of the natural beech is straight, with a fine to medium uniform texture. It is strong and durable with a good resistance to abrasion.

Oak White Oiled

Light pigments give the grains a brighter tint. It is water-repellent, dirt-resistant and durable.

Oiled Beech

Oil is developed from natural oils and waxes to provide the most durable protection. It brings out the warmth and depth of the wood.

Oiled Oak

Oil is developed from natural oils and waxes to provide the most durable protection. It brings out the warmth and depth of the wood.

Wood

Red Lacquered Oak

The colour and a polyurethane top coat is applied to give a semi matt finish. Lacquered oak is durable and resistant against water, moist and heat.

Black Lacquered Oak

The colour and a polyurethane top coat is applied to give a semi matt finish. Lacquered oak is durable and resistant against water, moist and heat.

Oiled Walnut

We use an American walnut because of its luxurious dark brown colour and its grain is revealed by a wax oil treatment.

Green Lacquered Oak

The colour and a polyurethane top coat is applied to give a semi matt finish. Lacquered oak is durable and resistant against water, moist and heat.

Oiled Cherry

American cherry is a supreme hardwood species from the U.S. hardwood forests and is unique to North America, with warm colour tones and superb finishing qualities.

White Oiled Maple

Growing naturally in the hardwood forests of North America, Maple is one of the most prolific and sustainable species with creamy to pale reddish brown and grained with a fine texture.

Compact Laminate

Compact laminate is made of special paper compressed into a firm tabletop in the process of high pressure and heat. We only use certified compact laminate of the highest quality, which our craftsmen carefully select for Bølling Tray Table. Each side of the compact laminate has a different colour. Each colour combination is selected to suit all the types of wood we use for Bølling Tray Table.

BASE

The classic model with Black and White trays has been discretely adjusted for softer contrast and a bit of warmth.

WATER

A deep marine Blue note that, like an anchor, brings calm and soothing tones to any context. On the reverse side of Water, is a brighter airy Blue, that uplifts with light contrast and tone-in-tone variation.

STONE

Two classic shades of slightly warm Grey, that will complement most settings. Each side of Stone has its own light and dark grey. In combination they bring subtle and soft contrasts.

SUNNY

The warm Ochre Yellow is a reminiscent of ancient pigment colours, yet with vibrant energy. On the other side of the reversible tray, Sunny has a light creamy tone, that adds contrast and variation.

EARTH

A light caramel Beige that perfectly matches the natural tones of the oakwood frame, and comes across as monochrome, warm and modern. On the other side of the reversible tray, Earth has a dark chocolate Brown.

CLAY

This vibrant burnt Orange has classic notes of terracotta and cognac leather, both complementing and uplifting its interior context. On the other side of the tray, Clays has an off-Black.

LEAF

Two shades of green make up the Leaf colourway. On one side of the tray is a deep dark moss-like Green, and on the other; a lighter olive Green. In combination, the two greens complement each other with soft contrast.

RED

The warm red and black provide a classic contrast and variation that both complementing and uplifting its interior context.

Upholstery

Fabric

We create a simple selection of fabrics and leather from the world's best producers considering the quality, sustainability, ethics and safety of their products. All the leathers are chosen carefully from [Sørensen Leather](#) which are originated from European rawhide and fabric from [Kvadrat](#).

General Terms & Conditions

How to order

Send an e-mail to info@brdr-kruger.dk

- Please write "order" in subject line
 - Write amount
 - Write Product number as mentioned in the price list
 - Write Upholstery Reference as mentioned in the price list
- if applicable.

You will receive an order confirmation (OC) within a few days. Please read carefully.

Brdr. Krüger is "made to order" and only carries few products in stock. Delivery time may vary, the ETD will show on OC.

Once you receive the invoice, your order is either ready for pick up, or send by forwarder and you will receive a tracing link from the chosen forwarder.

Currency & Effective Date

This price list is valid from 01.08.2025 and cancels all prior price lists.

Reservation is made for any errors and omissions.

Furthermore, below general terms and conditions shall apply to all contracts under which Brdr. Krüger A/S (Brdr. Krüger) is the supplier/subsupplier.

Order Confirmation

Orders shall not be binding on Brdr. Krüger until the customer has received Brdr. Krüger's written order confirmation.

Order Cancellation

Orders can be canceled based on the following rules:

- Within 0–5 days after the order confirmation is sent: No fee.

- After 5 days from the order confirmation date:

A fee of 15% of the RRP (excluding VAT) applies.

Delivery

All orders are subject to a shipping surcharge. The confirmed OC will specify the Incoterms and shipment fee according to the agreement made.

Brdr. Krüger uses external freight forwarders, and transit times may vary depending on the destination country.

If Ex-Works terms are agreed upon, the customer is responsible for all pickup arrangements included all documentation. Pick up must be coordinated with Brdr. Krüger prior to collection. Brdr. Krüger reserves the right to withhold the release of orders if the forwarder cannot provide the necessary information: Brdr. Krüger's OC number or the customer's name.

If the goods need to be stored for a period longer than agreed, Brdr. Krüger reserves the right to charge storage fee.

Complaints

The physical product must be inspected upon delivery. Damage incurred in transit as well as any defects and deficiencies on the product incurred as a result of transportation must be recorded on the freight bill upon delivery. Brdr. Krüger must be notified in writing of any complaints about product defects and deficiencies within

24 hours of delivery. If the complaint is made in due time and with the acceptance of Brdr. Krüger, the customer is entitled to demand a replacement delivery or to have the defect remedied. The customer cannot demand a reduction or a compensation. Complaints/replacements can only be made to the customer's address, unless delivery has been made directly to the end consumer.

Terms Of Payment

Unless otherwise agreed, payment must be made before the item is shipped. New customers always pay 14 days before the item is shipped. Customer orders must always be paid upon receipt of OC Brdr. Krüger may decide that the customer must pay in advance if the customer's balance is due, has previously been due or if the order amount exceeds Brdr. Krüger approved credit limit. In the event of non-payment after the deadline, a fee of 20 Euro excluding VAT will be added for the 1st and 2nd reminders. Then interest is calculated at 1.5% per—month from the due date. If there is no payment after the 3rd reminder, the case is transferred to debt collection.

Observation Of Title

Title to the goods shall not pass to the customer until Brdr. Krüger (or any third party to whom Brdr. Krüger has assigned its rights to the purchase price) has received the full purchase price and been reimbursed any expenses incurred.

Limitation Of Liability

Brdr. Krüger will assume no liability for any loss as a result of delays, defects or any other breach of contract, unless such loss was caused by gross negligence on the part of Brdr. Krüger. Brdr. Krüger will assume no liability for any indirect loss, including loss of profits, operating loss, goodwill, loss of customers, running costs or any other consequential economic loss.

Choice Of Law And Jurisdiction

Disputes between Brdr. Krüger and its customers shall be subject to Danish law, except for the international civil law rules of Danish law, and shall be settled by Brdr. Krüger's home court.

Measurements

The stated measurements in this document act only as a

The commercial warranty applicable to Brdr. Krüger products covers material and manufacturing process defects.

Products are under warranty for a period of 2 years as of the date of invoice sent to the original purchaser. The warranty is granted solely to the original purchaser of the product and is not transferable, either directly or indirectly, to any third party.

In accordance with this warranty, Brdr. Krüger undertakes to repair or replace with a similar product, according to its own criteria and free of charge, any product with any of the defects indicated above, provided that these arise under normal conditions of use.

These conditions are described in our "Care and maintenance" manual.

Exceptions To The Warranty

Upholsteries: Brdr. Krüger products include a variety of collections of upholsteries. Each of them is intended for a specific use and subject to the conditions of guarantee given by the manufacturer of them.

Exclusions To The Warranty

- Natural wear or wear caused by: unsuitable use, excessive scratching/scraping, sliding of objects on the surface, use of abrasive products, placing extremely hot or cold objects on the surface and use for which the product is not intended, on any surface finish and particularly when lacquered, varnished or melamine products are involved.
- Damage caused by mishandling of the products, produced directly or indirectly, as a result of the acts or omission of the Customer/Distributor, be it through fault or neglect. Amongst other things, blows, accidents, inexperienced product assembly and installation, dragging products which do not incorporate rolling elements, sitting on tables, etc.
- Leaving the products at unsuitable locations exposed to extreme changes of temperature and/or humidity: in the vicinity of points at which heat or cold are generated, near humidifiers, etc.; and at locations exposed to the open air.
- Defects caused by unsuitable cleaning of the products (wrong methods or products, use of abrasive products), in violation of Brdr. Krüger's recommended guidelines.
- Defects caused by not cleaning or protecting (wood, lacquer, etc.) the products, not removing material or liquids which may immediately damage the surface, etc.
- Damage caused by unsuitable modifications to or operations on the products, or repair work performed by the Customer itself or a third party assigned by it.
- Concerning special orders, products manufactured

according to the Customer's specifications and materials provided by the customer for inclusion in the product-manufacturing process, including fabric and upholstery supplied by the Customer are not covered by the warranty.

- Changes in colour, grain and texture due to: the passing of time, exposure to natural light, different batches and/or the natural origin of certain materials, such as wood, leather or natural bres, or, in the event, the artisan origin of certain parts involved in the production process.
- Colour differences of less than Delta-E 1 (in the case of plain colours) compared to the colour chart between different batches in a single delivery.
- Slight variations in the physical appearance of the order compared with the visual representations or descriptions provided by catalogues, samples and display parts, particularly variations in the colour, texture and grain of wood, and in fabrics.
- Typical variations in leather, such as cracks, insect bites or creasing, and variations in the colour or formation of creases due to the elasticity of the leather.
- Marks (from fingers), dirt and shine on dark and/or matt finishes.
- Marks or darker areas caused by failure to suitably protect the contact surface.

Warranty Conditions

It is the Customer's responsibility to check the received product before and during unloading, and to:

- Note any incident on the delivery note: suspicion of faulty packaging and/or product, wrong number of packages, and in this event:
- Take photographs of the load/package/product and make a complaint urgently, providing all relevant information, by email to the email address on the order confirmation request sent to the Customer.

If the Customer detects a non-conformity, then it must proceed to report the fact by email to info@brdr-kruger.dk, including/ attaching:

1. Description of the defect.
2. Photos of the defect, in general and in detail.
3. Clear identification of the product (order number): legible photo of the label, copy of the delivery note, copy of the invoice.

Any claim made which fails to provide the information described will not be accepted by Brdr. Krüger.

In the event of incidents detected during assembly, the Customer must proceed to report the fact, as indicated, within a maximum period of 72 hours. Any claim made after this period will not be accepted by Brdr. Krüger.

The subsequent care instructions are recommendations only. For general surfaces, we recommend using a damp cloth and we recommend that you always use environmentally friendly cleaning products and care for your furniture regularly and frequently. Before using any cleaning product, you should test it on an inconspicuous spot. Please follow the cleaning product manufacturer's instructions.

Fabrics:

To care for fabrics, simply Hoover dust and lint regularly. Stain removal: Fresh stains can usually be removed quickly by wiping immediately with an absorbent, lint-free sponge or cloth. Start from the outer edge of the stain and work towards the centre to avoid creating a halo effect. We recommend using normal household distilled water to prevent limescale residue from building up on dark fabrics after drying. Treatment of persevering stains: Brush dry stains lightly with a soft brush (such as a clothes brush). Depending on the type of stain, the use of solvents may be necessary. In such cases, it is essential to consult a professional. Under no circumstances should cover fabric surfaces be rubbed vigorously. Please be sure to consult a specialist before using any solvent-based cleaning product.

Leather:

Leather furniture should not be exposed to direct sunlight and should be kept some distance away from sources of heat; otherwise, the leather can dry out and become rigid. To ensure that leather remains soft and supple and that its natural protective film against water and grease remains intact, we recommend that you treat your furniture once a year with a mild cleaner. Stain removal: Superficial dirt can be removed with a damp cloth as long as care is taken not to wet the leather and not to apply direct pressure. You should also avoid rubbing too hard. For cleaning, we recommend using a special leather cleaner in foam or liquid form. Small dirt stains or pen stains are best removed with a colourless pencil eraser. To prevent the leather from drying out, you should subsequently always apply a designated care product from a specialist retailer. Liquids should be dabbed away immediately with a cloth and, if necessary, wiped off with a little water. Please do not use any aggressive agents such as stain removers, turpentine, shoe polish, etc.

Metal:

Stain removal: For quick removal of contaminants on polished high-shine, matte chrome and aluminium surfaces, apply a glass cleaner with a clean, soft cloth and subsequently wipe the surface dry with a soft cloth. For stainless steel, we recommend using a special stainless

steel care spray, steel cleaner or detergent. Powder-coated surfaces should be cleaned with aqueous solutions made from pH-neutral (pH 5-8) detergents or cleaning products and soft, non-abrasive cloths, rags or industrial cotton batting. Always clean metal surfaces gently and without scrubbing so that the surface is not scratched. Never use cleaners containing granular substances, acetic acid or citric acid.

Wood:

Wood is long-lasting, especially when its qualities are properly exploited. Furniture made of wood reacts to its environment; exposure to light, for example, alters its colour. And it is able to adapt its own moisture content levels to that of its environment. In the case of excessive fluctuations in temperature and humidity, however, it reacts by cracking and warping. Brdr. Krüger treats its solid wood tabletops with oil and other treatments to highlight and protect the properties of the natural material. To avoid stains and other damage, liquids should be wiped away immediately. Brdr. Krüger seals its veneers with a high-quality finish. Because of this, a soft, slightly damp cloth – with a mild detergent in the case of stubborn dirt – is sufficient for cleaning solid wood and veneer surfaces. Wet surfaces should be dried immediately with a cloth.

Do not use any harsh cleaning agents or care products containing silicone or abrasives. If possible, avoid rubbing the surface while cleaning it, as this will make matte finishes shiny and charge the varnish with static electricity which will attract more dust. We do not recommend using furniture polish or wax, as they contain unsuitable solvents and/or colour additives and leave a coating that is very difficult to remove.

Laminate And Glass Table Tops:

Clean with a soft cloth tightly wrung out in clean water. For dirty surfaces, use a mild soap flake solution or a mild universal cleaning agent. Then polish with a soft, dry cloth.

Check the goods when you receive it.

Our shipments are sometimes damaged during transport, even though we pack carefully. It is not always possible to check on the packaging whether the product is damaged in shipping.

To cover the transport damage, do the following:

1. While the driver is present: Unpack the items from the packaging and check them for damage before signing the shipment note.

If all goods are damaged, refuse receipt. If only some items are damaged or are slightly damaged, please write on the shipping note that the items are received subject to shipping damage.

2. The driver does not have time to wait: Please note on the consignment note that the goods are received subject to transport damage. Then check the goods and notify us immediately if the shipment is damaged.

It is very important that you immediately check the shipment for damage. You risk losing the right to cover the carrier's damages if not stated on the shipping note.

Brdr. Krüger is not responsible for damages caused during transport. On the other hand, we may hold the carrier responsible if you comply with your obligation to investigate the shipment upon receipt and respond promptly in the event that the shipment is damaged.

It is a good idea to take photos of the damage and of the consignment note, or to have documentation.
